**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am a retired consumer of an independent and reliable Internet Service Provider. My ISP (LMI) have given me dependable service for multiple years. I strongly oppose the anti competitive proposal to restrict independent ISPs from using existing lines of the major carriers. The existing competition keeps the price reasonable and provides an alternative to big broadband companies. My current ISP is about to offer gigabyte service at a cost that I can afford. Please do not restrict my online lifeline from being able to successfully operate.

Thank you,

Glenn Lapp
